

CHEVRON TECHRON[®] CONCENTRATE PLUS

Fuel System Cleaner

CUSTOMER BENEFITS

One tankful of fuel treated with Chevron TECHRON Concentrate Plus can:

- **Restore lost power and performance**
- **Clean and protect against sulfurs that can harm fuel gauge sensors.** This protection has been shown to last thousands of miles.
- **Help reduce the octane requirement**
- **Fight knock, ping, and run-on** caused by deposit buildup
- **Clean power robbing deposits from intake valves**
- **Cleans harmful deposits from fuel injectors, intake valves, combustion chambers and carburetors.**

FEATURES

Chevron TECHRON Concentrate Plus Fuel System Cleaner, with its exclusive formula, is unbeatable in cleaning the entire fuel system and helping to restore lost power and performance caused by deposit build-up in passenger cars and light duty trucks.

TECHRON Concentrate Plus is formulated with an improved deposits control element, which can clean sulfur corrosion, a possible cause of fuel gauge malfunction. Regular use can prevent harmful sulfur components in gasoline from attacking sensitive electronic fuel sending units on some vehicles.

Chevron TECHRON Concentrate Plus works in one tankful and is unbeatable at helping your engine achieve maximum performance and operate with the lowest possible emissions.

TECHRON Concentrate Plus is fully compatible and protective in all commercially available ethanol blends (E10, E85, etc).

APPLICATIONS

Chevron TECHRON Concentrate Plus is designed for all carbureted or fuel injected spark ignition engines.

To keep the entire fuel system clean, use Chevron TECHRON Concentrate Plus every 3,000 miles or at scheduled oil change intervals.

Not recommended for air-cooled two-stroke engines.
